

Alex De Biasio

(201) 881-9814 · ad28@williams.edu · Hillsdale, NJ

Education

Williams College

B.A., Mathematics (intended)

Williamstown, MA

Expected May 2028

- Mathematics GPA: 4.0/4.0
- Cumulative GPA: 3.83/4.0
- Teaching Assistant, Abstract Algebra (Fall 2025): Held weekly office hours and graded proofs for a 25-student course
- Galois Theory Tutorial (Spring 2026, upcoming): Junior/senior-level tutorial with Prof. Susan Loepp
- Coursework: Commutative Algebra, Algebraic Number Theory, Topology, Probability

Stanford Pre-Collegiate University-Level Online

2021–2024

- Coursework: Abstract Algebra, Real Analysis, Complex Analysis, Linear Algebra, ODEs, PDEs
- GPA: 3.75/4.0

Art of Problem Solving

2019–2022

- Coursework: Group Theory, Counting and Probability, Number Theory, Calculus

Research

Modular Arithmetic Visualizations

Spring 2026 (upcoming)

Williams College, advised by Prof. Allison Pacelli

- Exploring patterns that emerge from visualizing modular multiplication on a circle

Structural Analysis of Feinberg's Piano Sonata No. 3

2023

Mentored by Dr. Jennifer Undercofler, SUNY Purchase

- Analytical paper examining the sonata's compositional structure and place within the late-Romantic tradition

Experience

Russell Research

East Rutherford, NJ

Data Engineering Intern

Summer 2025

- Worked on data pipeline components in C#/.NET for a survey processing system

Machine Learning Intern

Summer 2024

- Developed and tested ML classification approaches in PyTorch for survey question categorization
- Experimented with different model architectures and data preprocessing methods

Skills

Programming: Python, Java, C#, C

Tools: Git, PyTorch, LaTeX

Languages: English (native), Italian (fluent)

Activities

Math Tea, Math Book Club, Chalk Nights

Williams College, Fall 2024–Present

- Regular participant in weekly math community events

Peer Accompanist, Voice Department

Williams College, Fall 2024–Present

- Accompanied 30+ singers across art song, opera, and musical theater repertoire
